Stop BLM fee increase at Little Sahara

By *sskordos*

Little Sahara sand dune riders, don't forget your wallets. The BLM has proposed a fee increase to go into effect April of 2010. The proposal will do away with the day use fee of \$8 and \$10 on holidays. It will now become a two-day \$25 entrance fee, \$30 for holidays. The minimum charge will be \$25 whether we ride for one day or two days.

The BLM will field questions and concerns until Jan. 7, 2010. There is a good chance that a revised proposal can be reached, but only if the public demands a more equitable proposal. We need to act now. Don't sit back and let other riders do your part.
